RE: THE JESUS DOVE FOUNDATION CORP.

And the dissolution of the position of Treasurer: Bernadette Ellegard

To our Board of Directors,

We in favor of our non-profit corporate guidelines we are dissolving our need of our current Treasurer Bernadette Ellegard as a result of her insufficiency of adhering to our bi-laws for each member of our organization.

Our bi-laws clearly state that we need to adhere to our own practices and continue to do so throughout our lives while in service to others and their healing needs. We also feel that Bernadette has impeded our progress as a corporation as she has lied about her involvement with Nicole Fevrier Davis our CEO and Julie our Secretary and about her efforts to further sell our courses, books, and talks. Misstatements have been made about costs about expenses for our company as well as Nicole, Michael, and Quinn's cost of food, and lodging. In addition, Bernadette has lied about Nicole's husband Michael inferring that she, Bernadette was having an affair with him while in Nicole's presence. These thoughts and lies also are in violation of the Ten Commandments, "Thou shalt not covet thy neighbors belongings.", "Thou shalt not commit adultery", and "Thou shalt not bear false witness". When our Father in heaven asked us to do this he made a special point of a promise Bernadette had made to Him stating that she would never choose her own ego and desires over His Will being done on the earth. This commitment to our company came as a result of her need to fulfill that promise. However, in light of all of these most egregious sins we feel the need to ensure our company has acted in the righteous ways in order to preserve our commitment to bringing God's people what they need to further evolve, live, and fulfill their purpose in life. When one of our own corporate officers doesn't feel the need to comply with what we expect all of our participants to comply with, which is a sincere desire to improve who they are in observance of what they have done and what they have failed to do. Bernadette failed to admit that she not only was lying about the Davis' presence, their marital status, but also failed to admit that she was lying about other things no one knows about,

that only God knows about. Therefore we in adherence of our bi-laws wish to dissolve our relationship with Bernadette Ellegard as a needed and necessary measure to ensure our company can continue to do God's work, with His plan in mind as always.

Whatever monies Bernadette has given to the 501c3 Jesus Dove Foundation Corp. will still be considered donations unless otherwise instructed. All other expenses incurred will be paid back, we require documentation of those expenses including monies paid for the laptop, expos and any other materials.

Dissolution steps:

- 1) We will take the expo items
- 2) We will absolve you of your access to our website platforms and
- 3) We will assume you will have no need of any further contact with any of our coursework participants, officers, and future employees.
- 4) Any recordings you have of Nicole's voice can be deleted, however, if you choose to return them to Nicole you may load them onto a server so Nicole can download them onto her laptop.

We see no need to further contact anyone of Nicole's family either.
